CLASS DESCRIPTIONS

Wood Shop Safety:

Every 1st and 3rd Tuesday of the Month

Learn how to use the wood shop equipment at the Hobby Complex.

This class is required in order to use the Wood Shop.

Wood Turning:

Every 2nd and 4th Tuesday of the Month

Learn basic wood turning techniques while turning your own project! This class is great for beginners as well as those looking to improve their lathe and woodworking skills.

Auto Shop Safety:

Every 1st and 3rd Wednesday of the Month

Learn how to properly and safely use the equipment at the Auto Hobby Complex.

This class is required in order to use the Auto Hobby Complex.

Tire Changing Class:

1st Tuesday of Every Month

This class will teach you how to use the tire changing machine and balancing machine.

One - On - One Brake Instruction:

September 10 & 11

Replace your brake pads or rotors alongside a staff member with one-on-one instruction.

Customers must supply needed parts.

Special Demo: Scroll Saw

In this class, a guest instructor will demonstrate various skills used to complete the projects. The skills will be based on the project for the class such as how to use a scroll saw, how to properly do an inlay, pen turning, and band saw techniques.

This month's special demo is creating scroll saw flowers.

Intro to Woodworking:

2 - Day Class

You will learn the basics of woodworking along with going through the steps to make your own 10 x 14 inch cutting board. You will learn step by step the correct way to pick out the wood to use, glue up the boards, safely use the equipment, and proper finishing techniques.

This class can be substituted for the Wood Safety Class.
